BROOK

Veteran-Owned, Veteran-Operated

Deer Brook Consulting

Since 2013, Deer Brook has been proudly owned and operated by veterans who understand the value of service, excellence, and delivering sustainable success.

No one better understands what veterans have given to ensure our way of life is protected, and we believe our veterans' days are ahead of them; we're proud to have these great men and women on our team.

Mission-Driven

Our team brings discipline, attention to detail, and a commitment to success to every engagement.

Proven Experience

Our veterans leverage their hard-earned skills, strategic insights, and real-world experience to make our clients successful.

Values-Based

We operate with accountability, integrity, and a deep sense of service to our clients and our community.

“

It's hard to express how very proud and honored we are to receive such an important recognition in support of our military veterans.

We appreciate the recognition not for doing what we believe to be the right thing, but rather so that the broader community of veterans and those that support are aware that we in the private sector are on their side and value them.

As a service-disabled veteran owned small business, we are keenly aware of the accumulated skills, learning and wisdom veterans bring to our customers and communities.

We are always on the lookout for talent and appreciate all that veterans bring.

SBA Certification

Deer Brook is a certified Service-Disabled Veteran-Owned Small Business (SDVOSB).

This certification verifies that we're owned and controlled by a service-disabled veteran who leads day-to-day operations, ensuring that the skills, discipline, and mission-focus of our veterans can directly benefit our clients.

HIRE Vets Gold Award

The U.S. Department of Labor's HIRE Vets Gold Award recognizes our continued dedication to recruiting, hiring, and retaining veterans.

As one of only four Maine companies recognized with this honor in 2025, this award reflects our sustained commitment to veteran success.
